Work division for the coming days
Main responsibles to the right

1. Coding   Haukur
    1.1 Rules   Max, Haukur
    - k-PSR family
    - θ-Rule
    - Optimization/Knapsack   Haukur, Silvan

    1.2 Axioms   Haukur, Grzegorz
    - δ-Equality
    - Regret Minimization
    - θ-Minority
    - Consistency
    - Fixed Majority

    1.3 Preference Preparation   Silvan, Haukur
    - Prepare Preflib
    - Generating Models

2. Cost Axioms   Silvan

3. General Data Generation Issues   Silvan
    - Adding cost to preflib
    - Suitable data structure

4. Proofs   Grzegorz
    - Monotonicity
    - Homogeneity
    - Unanimity

5. Write a very rough draft   Silvan
